Ongoing Items

Arisia Art Show Georgian. Be sure to remind the young ones to look, but not touch.

Anime and Video, Charles River on the 4th floor. The full schedule and some movie descriptions are located in the Pocket Program.

Gaming – Tabletop Statler. Scheduled games are listed in the Pocket Program. There are also open tables that can be used for pick-up games or reserved at the con. The Tabletop room has quite the library of games, including some you could win and bring home! Tabletop room staff are happy to assist in finding games appropriate for age and time requirements.

Gaming – Video Boylston. Families can find, and try, age-appropriate games and learn about different games and platforms. The older players and Game Underground (who runs the room) are very knowledgeable and patient with the little ones. Open 10am to 1am. Under 12 must be accompanied by a responsible adult.

Duck Hunt Be on the lookout for rubber ducks around the hotel! If you find one of the waterfowl hidden for the annual Duck Hunt, bring it to Team Arisia Headquarters (Hancock, on the mezzanine) and trade it in to get a reward or you can keep your found duck as your reward.

Ducks like water and shady places to rest but you'll never have to move any hotel property or climb anything to find them.

MUSIC AT ARISIA

Filking, concerts and dances. Oh, my! Consult the Pocket Program for musical-themed events and programming.

Youth Services Programs

Turtle Track (Childcare for ages 2-6)

Given the large number of families who come to Arisia, we are happy to be able to provide programming for our youngest fans. By prior registration, we provide supervised childcare for those too young to enjoy the convention on their own. All children using this service must have special Turtle Track memberships to the convention.

1. Who staffs Turtle Track?

On every shift you will find staff that are either professional child care providers or parents. There are a few teen volunteers, but every teen is paired with an adult and ratios of child to staff are designed to follow state mandates (which means there won't be more than 5 kids to any staff member).

2. Can I stay with my child?

Parents are ALWAYS welcome in Turtle Track. You are not required to leave your child nor are you committed to have your child with us every moment we're open; YOU set the pace for how much or little time your child spends with us – no one knows your Little One better!

3. What happens at Turtle Track?

Turtle Track is not a place where we hold kids hostage so parents have an opportunity to explore Arisia – Turtle Track is part of Arisia! There is a daily schedule of events with everything from Arts & Crafts to Yoga and Story Time. We are aware that Turtle Toddlers have short attention spans and have created the schedule to avoid overwhelming them. The Quiet Room is also always staffed and always available. There are usually two events taking place so a Turtle Toddler can opt for either one.

4. What happens if my toddler is cranky/sick/sad?

The policies for Turtle Track are handed out to caregivers when they bring in a Turtle Toddler for the very first time. Every childcare session will include a Quiet Room. This room will be used for children who need to relax in a mellower environment, children who miss parents/caregivers, children who are interacting with difficulty or children who are not feeling well. PLEASE be aware, in the case of prolonged crying, illness or violence toward staff or children, parent/caregivers will be contacted promptly. "Promptly" is subject to interpretation, but the guidelines are based on how inconsolable the child is and how the child's expression of emotion is impacting other Turtle Toddlers.

Turtle Track cont'd.

5. Does my toddler get fed at all?

We have formal Snack Time but we certainly wouldn't starve a hungry Turtle; they get snappy when they're hungry! Snacks will be made available at other times if needed. The staff is very concerned with good health so you can feel confident your child/ren will eat well while in our company – no high fructose corn syrup or red dye #72! There is, of course, one small exception to this (we like to make candy necklaces....and then EAT them!!) but for the most part, your li'l darlin' will be enjoying dried fruit, trail mix and organic, free range cookies. Parents are welcome to leave favorite munchies for their own Turtles, and are encouraged to do so in the case of particular dietary concerns.

Turtle Track is a nut-free zone to ensure the safety and health of our future fen.

6. Besides the schedule of events, what else can I expect for my child?

We have toys for our Turtle Toddlers, too, so they can take advantage of our "free play" times: blocks, trucks, dolls, tea sets, dinosaurs and animals and such.

7. What about security? I don't want my child being given to just anyone!

When you first arrive at Turtle Track, you will be asked to fill out a detailed registration form. Please make sure all questions are answered; this allows us to provide the best possible service. There is a line to enter a password. A password (like "melon" or "pigfoot") allows the caregiver to send someone for pick up who might not be on the initial authorized-list (in case of emergency or convenience).

8. What if there's an emergency?

There are members of the Turtle Track staff that are CPR trained but parents and emergency services would be called INSTANTLY in any situation more serious than a little trip or bump. In the case of an evacuation emergency, all children will be bundled in warm attire (please bring coats to Turtle Track) and brought via the stairs to the hotel-designated evacuation location. All other pick up protocols will be in place, e.g. checking IDs, asking for passwords.

Fast Track (Programming for ages 6-12)

Arisia's Kids' program, known as Fast Track, is designed as a con-within-a-con for our younger fans. With a purchased registration, they have access to a wide variety of program items, including crafts, costuming, a magic show, science, exercises, discussions, demonstrations, storytelling, and games. **We welcome teen volunteers!**

Fast Track is **not** child care and **cannot provide snacks and meals.**

Arrangements must be made to feed your children. No food is allowed into the Fast Track area for safety concerns.

Guardians - you are responsible for picking up your child by the time Fast Track closes. Children with a red ribbon may only be picked up by an adult listed on the release form. Children not picked up within a half-hour of Fast Track's closing will result in the child brought to The Watch, which will follow procedures to ensure the safety of the child. Repeat instances of not picking up your child on time will result in the replacement of the child's Fast Track membership with a Kid-in-Tow membership.

Hours of Operation

Guardians or authorized adults may pick up and drop off their children at Fast Track any time during open hours.

Helpful Dos and Don'ts

DO Read the Pocket Program. It is your bible for all things happening at Arisia! A great many sessions, particularly those that run during the day, are kid-friendly. Programming that's targeted specifically to kids are marked "Fast Track" in the Pocket Program's titles.

DON'T Leave children unattended in areas that aren't dedicated spaces (Fast Track, Turtle Track). The Gaming Areas, Con Suite, Anime and Film Rooms are not a drop-off space for your young ones.

DO Make sure any toy weapons your child is carrying around are peace bonded by The Watch (Arisia Security) located in Stone 2W.

DON'T Assume your child will be as interested in the same panels you are. If there is a chance they may be bored or cause a disturbance during the session, consider an alternate activity.

DO Be aware some panels are inappropriate for eyes and ears under 18. Arisia and its members should follow local and federal laws.

DON'T Forget to feed your child. Pick them up from Turtle Track and Fast Track for lunch and dinner. While Turtle Track has snacks, Fast Track does not.

DO Seek out and talk to other fan Families! The Geeky Play Dates, Con Suite, or other communal spaces are great locations to meet and chat.

DON'T Forget many of the costumes, the outfits the attendees will be wearing, and the displays in the exhibit areas may be made of delicate and easily damaged materials that your child should not handle without permission.

DO Provide suggestions on what you think would add to your family's Arisia Experience! Come to a Feedback Panel, or post to an Arisia community on Facebook.

DO Make sure your contact information is on your children's badges (even KITS) in case you get separated!
